## Objective

I am a motivated and hardworking student with a strong interest in software and the IT field. I enjoy learning new things and gaining new experiences. I'm looking for a chance to work on challenging projects and get practical experience in software development.

## Experience

- Humble Walking** Jul 2025 - Aug 2025  
Intern (Backend Lead)  
Designed and implemented a normalized database schema for a Resume Builder application and integrated it with the backend using PostgreSQL and Prisma , ensuring efficient data handling, scalability, and seamless CRUD operations.

## Education

- Father Joseph English High School** 2021  
10th  
66.40
- Balbharti College Of Science And Commerce** 2023  
12th  
66.67
- Yashwantrao Chavan Maharashtra Open University** 2023-2026  
BCA

## Skills

- HTML/CSS
- C/C++
- Python
- MS-Office
- React
- MongoDB
- Git/Github
- UI/UX Design
- Cloud Deployment (Vercel, Render)

## Projects

- EduSphere - A Complete E-learning Platform**  
EduSphere is an online learning platform that I built as a full-stack project to explore real-world development and payment integration.  
🔧 Tech Stack Used
  - Frontend: HTML, CSS, JavaScript
  - Backend: Flask (Python)
  - Database: MongoDB
  - Payment Gateway: Razorpay
- FinanceWise – Full-Stack AI Finance Platform**  
FinanceWise – AI-Powered Personal Finance Web Application  
Developed a full-stack finance management system enabling users to track income and expenses with a structured dashboard. Integrated AI using Google AI Studio to generate personalized financial insights and recommendations. Built RESTful APIs using Flask and managed data with MongoDB. Deployed on Vercel for seamless accessibility.

#### Results:

- Reduced manual expense tracking effort by ~40% through automated logging system
- Improved user financial awareness with AI-driven insights and categorized analytics
- Achieved fast deployment and accessibility with cloud hosting and optimized backend performance
